ABOUT US

The Internal Control Institute of Zimbabwe (ICIZ) is devoted exclusively to internal control and corporate governance. ICIZ provides internal control methods, internal control guidelines and complete internal controls for organizations. ICIZ's unique products include:

Quantitative assessment tool providing a score indicating the performance of the Board of Directors, the auditors, and executive management.

- Quantitative assessment providing a score indicating the effectiveness of a corporation's system of internal control.
- Risk-based internal control implementation.
- Membership program focusing on sharing "best control practices" for internal control and corporate governance.
- Certification programs in internal control

ICIZ'S PROFESSIONAL INTERNAL CONTROL CERTIFICATION

Certified Internal Control Specialist (CICS)

This is a personal, professional certification of competence that is granted to individuals who meet the requirements of the certification program. Individuals must demonstrate an understanding and comprehension of the Internal Control Common Body of Knowledge (CBOK) by successfully completing an online examination. This competency prepares the internal control specialist to assist organizations to design and/or assess internal control and to assist management in installing internal control processes

Certified Internal Control Specialist (CICS)

This is a senior-level, highly skilled internal control professional certification. Individuals qualifying for this designation must satisfy and substantiate the extensive skills and knowledge requirements established by the ICI Certifications Board.

The cornerstone of the CICP requirements focuses on the individual's actual professional experience in the skill categories of the Internal Control Common Body of Knowledge (CBOK). Individuals qualifying for this certification, must have substantiated and verifiable participation in internal control CBOK areas
